

Amendment 29

Shall there be an amendment to the Colorado revised statutes concerning the use of petitions to provide candidate access to the primary election ballot, and, in connection therewith, requiring that all candidates for nomination at a primary election be placed on the primary election ballot by petition; eliminating the candidate designation and certification process from state, county, and district assemblies; specifying the signature requirements for nominating petitions for access to the primary election ballot; allowing a candidate to include a personal statement on his or her nominating petition; providing for examination of nominating petitions by the designated election official; and setting forth a procedure to protest the election official's decision regarding the sufficiency of nominating petitions?

YES NO

Amendment 30

Shall there be an amendment to the Colorado constitution concerning election day voter registration, and, in connection therewith, allowing an eligible citizen to register and vote on any day that a vote may be cast in any election beginning on January 1, 2004; specifying election day voter registration locations; specifying that an eligible citizen who registers to vote on election day shall register in person and present a current and valid Colorado driver's license or state identification card or other approved documentation; and directing the Colorado general assembly, in implementing election day voter registration, to adopt necessary protections against election fraud?

YES NO

Amendment 31

Shall there be an amendment to the Colorado constitution concerning English-language education in Colorado public schools, and, in connection therewith, requiring children to be taught by using the English language in their classrooms and requiring children who are learning English to be placed in an English immersion program that is intended to last one year or less and, if successful, will result in placement of such children in ordinary classrooms; exempting from such requirements those children whose parents or legal guardians obtain annual waivers allowing the children to transfer to classes using bilingual education or other educational methodologies, but making such waivers very difficult to obtain because the school can grant them only in very restrictive circumstances and can deny them for any reason or no reason thereby reducing the likelihood that bilingual education will be used; requiring schools that grant any waivers to offer bilingual education or other educational methodologies when they have at least 20 students in the same grade who receive a waiver and in all other cases permitting students to transfer to a public school in which bilingual education or other methodologies are offered, with the cost of such transfer, excluding transportation, to be provided by the state; allowing a parent or legal guardian to sue public employees granting a waiver if the parent or guardian later concludes that the waiver was granted in error and injured the child's education; creating severe legal consequences identified in the amendment for such public employees who willfully and repeatedly refuse to implement the amendment; and requiring schools to test children learning English, enrolled in second grade or higher, to monitor their progress, using a standardized nationally-normed test of academic subject matter given in English?
